SUBJECT: Master Plan Working Group (MPWG) Representatives

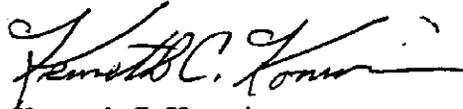

I would like to take this opportunity to invite you to nominate a representative from your office to participate in the revision of the DoD Modeling and Simulation Master Plan. We have extended this invitation several times in the past. Now that the draft chapters are being staffed I want to ensure that all organizations have the opportunity to participate early and continuously in the review of this document. My intent is to work closely with all stakeholders in developing this DoD plan. By doing this throughout the writing process we hope to avoid a lengthy and contentious review process once the final coordinating draft is ready for staffing in August.

The Master Plan Working Group (MPWG) representatives are knowledgeable action officers who can provide authoritative draft input to the various chapters. The key parts requiring your input are the sections on current assessment and objectives. Without input from you and your staff the DoD master plan will not be as effective in coordinating our efforts as it could be.

Please help us in this collaborative effort. Send the names of your office representatives to Mr. John Wrigley (jwrigley@msosa.dmsomil) or Mr. Kevin Anastas (kanastas@msosa.dmsomil).

They will provide your representative with the publishing schedule, meeting times and information on accessing our project website at <http://www.msosa.dmsa.mil/msmp/default.asp>.
